	SUPERSEDES 01.06.115 (10/01/04)	
	AUTHORITY MCL 28.721, et seq.; 791.203; 791.236	
	ACA STANDARDS NONE	
	PAGE 1 OF 9	

POLICY STATEMENT:

Certain offenders convicted of identified offenses are required to be registered with the Michigan State Police (MSP) and pay a registration fee pursuant to the Sex Offenders Registration Act. They also are required to report information, including any change of address, as set forth in the Act.

POLICY:

GENERAL INFORMATION

- A. The Sex Offenders Registration Act (MCL 28.721, et seq.) requires certain offenders convicted of identified offenses to register with the MSP and to pay a one-time registration fee. This includes those assigned to youthful trainee status before October 1, 2004, and those placed on delayed sentencing. The Act also requires that MSP or local law enforcement be notified whenever a registered offender changes his/her address. Registered offenders also are required to verify their address with MSP or local law enforcement at specified intervals.
- B. Certain offenders convicted as a juvenile for identified sex offenses, and offenders who have successfully discharged from youthful trainee status to which they were assigned prior to October 1, 2004, may petition the court to modify their registration and reporting requirements under the Sex Offenders Registration Act. If the petition is granted, a copy of the order will be provided to the offender and MSP. MSP is solely responsible for removing or modifying registration and other information on its database as necessary to comply with the order. The offender shall be registered and required to report only as set forth in the order.

REGISTRATION REQUIREMENTS

- C. An offender from another state who is required to register or otherwise be identified as a sex offender or child predator under a statute of that state must be registered in Michigan.
- D. An offender must be registered for an offense as identified on Attachment A, including a substantially similar offense or an attempt or conspiracy to commit the offense, if one of the following applies:
 1. The offender was convicted in Michigan after October 1, 1995 for the offense.
 2. On or after October 1, 1995, the offender was on probation or parole in Michigan, in a Michigan jail or a Department correctional facility, under the jurisdiction of the Juvenile Division of the Probate Court or the Family Division of a circuit court, or committed to the Department of Human Services for the offense, regardless of the date of conviction for the offense. This includes offenders whose probation or parole supervision was transferred to Michigan through the Interstate Compact.
- E. An offender must be registered for an offense identified on Attachment B, including a substantially similar offense or an attempt or conspiracy to commit the offense, if one of the following applies:
 1. The offender was convicted in Michigan on or after September 1, 1999 for the offense.

DOCUMENT TYPE POLICY DIRECTIVE	EFFECTIVE DATE 12/01/2006	NUMBER 01.06.115	PAGE 2 OF 9
-----------------------------------	------------------------------	---------------------	-------------

2. On or after September 1, 1999, the offender was on probation or parole in Michigan, in a Michigan jail or Department correctional facility, under the jurisdiction of the Juvenile Division of the Probate Court or the Family Division of a circuit court, or committed to the Department of Human Services for the offense, regardless of the date of conviction for the offense. This includes offenders whose probation or parole supervision was transferred to Michigan through the Interstate Compact.
 3. On September 1, 1999, in another state or country, the offender was on probation or parole, in jail or in any other correctional facility, under the jurisdiction of a court that handles matters similar to those handled by the Family Division of Michigan circuit courts, or committed to an agency with the same authority as the Department of Human Services for the offense, regardless of the date of conviction for the offense.
- F. To determine if an offense is substantially similar to an offense requiring registration, the elements of the listed offense shall be compared with the available information regarding the offense committed in the other jurisdiction. If questions remain, the supervisor shall be consulted. If there is insufficient information upon which to make a determination, further clarification shall be sought in writing from the jurisdiction in which the offender was convicted. If the offender is on probation or parole and is being supervised under the Interstate Compact, this information shall be sought through the Interstate Compact Manager. The offender shall be registered pending clarification. If it is subsequently determined that the offender should not have been registered, the information on the offender shall be deleted from the MSP database as set forth in Paragraph GG.
- G. If the sentencing court orders in writing that an offender requiring registration not be registered, the agent shall comply with the court's order and not register the offender, unless already registered. The Deputy Director of Field Operations Administration (FOA) or designee shall be notified whenever such an order is received. If the offender was already registered and it is determined that the offender should not have been registered, the FOA Deputy Director or designee shall ensure that MSP is notified of the need to delete the registration information from the MSP database. Notification shall be as set forth in Paragraph GG.
- H. Registered offenders are required to pay a one-time registration fee of \$35, unless temporarily waived by the appropriate law enforcement agency due to indigency. If incarcerated, the offender is not required to pay the fee until s/he is released. If not incarcerated, the offender is required to pay the fee as part of the registration process. The fee will be collected either by to the law enforcement agency having jurisdiction over where the offender lives or the MSP post closest to the county in which the offender lives; staff shall not collect a registration fee from any offender.

FOA

- I. Probation agents are responsible for registering offenders after conviction in Michigan for an offense requiring registration. Registration must be completed before the offender is sentenced or placed on delayed sentencing for the offense and noted in the "Evaluation and Plan" section of the Pre-Sentence Information Report. When probation is possible, the probation agent shall recommend to the court that a special condition of probation be added requiring the offender to comply with the Sex Offenders Registration Act.
- J. Probation and parole agents are responsible for registering offenders requiring registration whose supervision is transferred to Michigan through the Interstate Compact no later than 14 calendar days after the case becomes active in Michigan, unless the offender already is registered.

REGISTRATION PROCESS

- K. The following steps shall be taken by staff when registering an offender:
 1. Staff shall notify the offender that s/he is being registered as required under the Sex Offenders

DOCUMENT TYPE POLICY DIRECTIVE	EFFECTIVE DATE 12/01/2006	NUMBER 01.06.115	PAGE 3 OF 9
-----------------------------------	------------------------------	---------------------	-------------

Registration Act. Staff shall complete the Michigan Sex Offenders Registration Form (DD-4), using the commitment name for the name of the offender. The verified address of the location at which the offender is residing at the time of registration (e.g., correctional facility or jail, apartment, residential programming or therapeutic treatment center, college dormitory) shall be entered as the offender's address. It shall be noted on the form if the offender is incarcerated. A brief summary of the offense shall be included in the "Remarks" section, which shall include only the offender's convictions for listed offenses, regardless of when the conviction occurred, including where the offense occurred (i.e., city, township, village or county), and the original charge if the conviction was for a lesser offense, to the extent known.

2. The Explanation of Duties to Register as a Sex Offender Form (DD-4A) shall be read by or to the offender. Staff shall respond to any questions the offender has regarding his/her responsibilities under the Sex Offenders Registration Act to the best of their ability. Staff shall refer the offender to the information contained on the form and this policy directive for further explanation, if necessary.
3. Staff shall direct the offender to initial required sections of Form DD-4A as specified on the form. Both staff and the offender shall sign the completed forms. If the offender refuses to initial Form DD-4A as required or sign the forms, that shall be indicated on the forms. The forms shall be processed and registration completed as set forth below even if the offender refuses to initial Form DD-4A as required or refuses to sign the forms.
4. Forms DD-4 and DD-4A have a place for the signature of a minor offender's parent or guardian. Since the parent or guardian is not usually present at the time the forms are presented to the offender, staff shall indicate in the space provided for the signature that the parent or guardian was not available to sign. In the rare case when the parent or guardian is present, s/he shall be given the appropriate form to read. After reading the form, the parent or guardian shall be directed to sign the form indicating that s/he understands the offender's duties as explained on the form. If the parent or guardian refuses to sign, that shall be noted in the space provided for the signature.
5. Staff shall give a copy of each of the completed forms to the offender and retain a copy of each in the appropriate offender file. Staff shall immediately forward the original Forms DD-4 and DD-4A to staff designated by the FOA Deputy Director as being responsible for notifying MSP of the registration. MSP shall be notified as follows:
 - a. For offenders not previously registered in the State of Michigan, staff shall enter the required information into the MSP database and forward the original Form DD-4 and DD-4A to the MSP address identified on the forms. The information shall be entered into the MSP database within three business days after the form is completed. If the MSP database will not accept the registration information, staff shall also advise MSP in writing that the required information could not be entered and that MSP therefore needs to enter the information in the MSP database. A copy of all documents sent to MSP shall be retained in the Record Office, SAI probationer file, or field file, as appropriate.
 - b. For offenders previously registered in the State of Michigan, staff shall forward a copy of the Form DD-4 and the original Form DD-4A to the MSP address identified on the forms. Upon receipt of the forms, MSP will enter the required information into its database. The original Form DD-4 and a copy of the Form DD-4A shall be retained in the Record Office, SAI probationer file, or field file, as appropriate.

CHANGE OF ADDRESS NOTIFICATION REQUIREMENTS

- L. Pursuant to Public Acts 402 and 403 of 2006, a registered offender is required to notify the Department of the location of his/her proposed place of residence or domicile prior to being discharged on the maximum sentence from a correctional facility or being released on parole; the Department is required to forward this information to the local law enforcement agency having jurisdiction over the area to which the offender is moving or appropriate MSP post. The refusal by a registered offender to provide

DOCUMENT TYPE POLICY DIRECTIVE	EFFECTIVE DATE 12/01/2006	NUMBER 01.06.115	PAGE 4 OF 9
-----------------------------------	------------------------------	---------------------	-------------

this information to the Department, or knowingly providing false information, is a felony.

- M. An offender may be registered for a prior offense or an offense for which s/he was not incarcerated within the Department; therefore, staff responsible for reporting a change of address must check LEIN to determine whether the offender is registered for any listed offense and not simply rely on whether the current conviction is for a listed offense when reporting a change of address.

Change of Address Within Michigan

- N. Whenever a registered offender changes his/her address within Michigan, that information is required to be reported to the local law enforcement agency having jurisdiction over the area to which the offender is moving or appropriate MSP post. The offender is required to continue to report this information for the period of time required by the Sex Offenders Registration Act.
- O. Except while incarcerated in a Department facility, while in CRP, or while supervised by FOA staff in a residential programming or therapeutic treatment center, registered offenders are personally responsible for reporting their change of address to the appropriate local law enforcement agency or appropriate MSP post within ten calendar days after the change of address. The Department is responsible for reporting any change of address while the offender is incarcerated in a Department facility, is in CRP, or is in a residential programming or therapeutic treatment center.
- P. CFA staff responsible for reporting a change of address shall report the address change through entry of the required information into the MSP database as set forth below:
1. If a registered offender is committed to the Department, including to participate in SAI, is returned from CRP to a CFA facility, or is returned to a CFA facility as a parole violator, intake staff shall report the change of address. This shall occur no later than ten calendar days after the offender is received. The new address shall be identified as being the Michigan Department of Corrections unless the offender is received at a secure or non-secure Level I facility, in which case the address shall be the facility address.
 2. If a registered offender transfers to any secure or non-secure Level I facility, even from another Level I facility, staff at the sending facility shall report the change of address at the time the transfer is entered on the Department's computerized database (i.e., CMIS, OMNI). The new address shall be identified as being the address of the facility to which the offender is transferring.
 3. If a registered offender transfers from any secure or non-secure Level I facility to a security Level II or higher facility, staff at the sending facility shall report the change of address at the time the transfer is entered on the Department's computerized database. The new address shall be identified as being the Michigan Department of Corrections.
 4. If a registered offender will be discharging on his maximum sentence or paroling, staff at the releasing facility shall report the address change at the time the release is entered on the Department's computerized database. For parole, the offender's proposed placement as identified on the Parole Board Notice of Parole (CAX-119A) shall be entered. If a registered offender discharging on the maximum sentence refuses to provide staff with his/her new address, staff shall complete a Form DD-4 and document the refusal on the form. Staff shall immediately forward the original Form DD-4 to the MSP address identified on the form to report the offender's refusal to comply with change of address requirements; a copy shall be provided to the offender and retained in the Record Office file.
- Q. FOA staff responsible for reporting a change of address shall report the address change through entry of the required information into the MSP database as set forth below:
1. If a registered offender transfers to CRP, the Supervisor or designee of the receiving location shall report the change of address within ten calendar days after the offender is received in CRP. The new address shall be identified as being the address of the CRP location where the offender resides.

DOCUMENT TYPE POLICY DIRECTIVE	EFFECTIVE DATE 12/01/2006	NUMBER 01.06.115	PAGE 5 OF 9
-----------------------------------	------------------------------	---------------------	-------------

2. Whenever a registered offender in CRP transfers to a different CRP location (i.e., a different corrections center, residential home, or Technical Rule Violation Center [TRV]), the Supervisor or designee of the receiving location shall report the change of address. This shall occur within ten calendar days after the offender is received at the new location. The new address shall be identified as being the address of the new CRP location.
3. If a registered parolee transfers to a corrections center or a TRV, the Supervisor or designee of the receiving location shall report the change of address. This shall occur within ten calendar days after the parolee is received at the corrections center or TRV. The new address shall be identified as being the address of the corrections center or TRV.
4. If a registered offender transfers to a residential programming or therapeutic treatment center, the supervising field agent shall report the change of address within ten calendar days after the offender is received at the new location. The new address shall be identified as being the address of the residential programming or therapeutic treatment center. A probationer or parolee is required to report his/her change of address upon release, unless the release is to a Department facility.
5. If a registered offender will be discharging on his/her maximum sentence from CRP or paroling, the supervisor or designee of the facility from which the prisoner is to be released or, if not in a facility, the supervising agent shall report the change of address prior to the offender's release. For parole, the offender's proposed placement as identified on the Parole Board Notice of Parole (CAX-119A) shall be entered. If a registered offender discharging on the maximum sentence refuses to report his/her change of address, staff shall complete a Form DD-4 and document the refusal on the form. The original Form DD-4 shall be immediately forwarded to the MSP address identified on the form to report the offender's refusal to comply with change of address requirements; a copy shall be provided to the offender and retained in the field file.

Change of Address to Another State

- R. A registered offender is required to notify the MSP no later than ten calendar days before s/he changes his/her address to another state. This is required even if the Department is also reporting the new address under this policy.
- S. If a registered offender is being released or discharged from a CFA facility directly to another state, staff responsible for reporting a change of address at that facility are required to report the offender's new address to the local law enforcement agency having jurisdiction over the area to which the offender is moving and to the appropriate MSP post at the time the release is entered on the Department's computerized database through entry of the required information into the MSP database under the following circumstances:
 1. If a registered prisoner is directly transferring from a CFA facility to another correctional facility in another state.
 2. If a registered prisoner is discharging on the maximum sentence or paroling directly to another state. for parole, the offender's proposed placement as identified on the Parole Board Notice of Parole (CAX-119A) shall be reported. If a registered offender discharging on the maximum sentence refuses to provide his/her new address, staff shall complete a Form DD-4 and document the refusal on the form. The original Form DD-4 shall be immediately forwarded to the MSP address identified on the form to report the offender's refusal to comply with change of address requirements; a copy shall be provided to the offender and retained in the Record Office file.
- T. FOA staff shall report a registered offender's new address in another state to the local law enforcement agency having jurisdiction over the area to which the offender is moving and appropriate MSP post through entry of the required information into the MSP database as set forth below:
 1. If a registered prisoner is directly transferring from an FOA facility to another correctional facility

DOCUMENT TYPE POLICY DIRECTIVE	EFFECTIVE DATE 12/01/2006	NUMBER 01.06.115	PAGE 6 OF 9
-----------------------------------	------------------------------	---------------------	-------------

in another state, the Supervisor or designee of the facility from which the prisoner is transferring shall report the change of address.

2. If a registered prisoner is discharging from an FOA facility, the Supervisor or designee of the facility from which the prisoner is discharging shall report the change of address.
3. If a registered offender's probation or parole supervision is transferred to another state through the Interstate Compact, the supervising field agent shall report the change of address. The FOA Interstate Compact Manager shall ensure that the receiving state also is notified that the offender is registered under the Sex Offenders Registration Act in Michigan.
4. If a registered offender in CRP is discharging on his/her maximum sentence or paroling, the supervisor or designee of the facility from which the prisoner is being released or, if not in a facility, the supervising agent shall report the change of address. For parole, the offender's proposed placement on the Parole Board Notice of Parole (CAX-119A) shall be entered. If a registered offender discharging on the maximum sentence refuses to provide his/her new address, staff shall complete a Form DD-4 and document the refusal on the form. The original Form DD-4 shall be immediately forwarded to the MSP address identified on the form to report the offender's refusal to comply with change of address requirements; a copy shall be provided to the offender and retained in the field file.
5. Although CFA staff is responsible for notifying the MSP if a registered offender paroles directly to another state under the Interstate Compact as set forth in this policy directive, the Manager of the Parole Release section in FOA shall ensure that the receiving state also is notified that the offender is registered under the Sex Offenders Registration Act in Michigan.

RELEASE OF REGISTERED OFFENDER

- U. In addition to change of address notification requirements set forth in Paragraphs P through X, the Department is required to notify registered offenders under its jurisdiction of their responsibilities pursuant to the Sex Offenders Registration Act prior to release from a correctional facility. This includes release from a corrections center, SAI, or a TRV. Therefore, prior to release of a registered offender from a correctional facility, staff at the releasing facility who are responsible for change of address notification shall comply with the following:
 1. The Explanation of Duties to Register as a Sex Offender Form (DD-4A) shall be read by or to the offender. After reading the form, the offender shall be directed to initial the required sections as specified on the form and directed to sign the form indicating that s/he understands his/her duties as explained on the form. Staff shall respond to any questions the offender has prior to the form being initialed and signed. If the offender refuses to initial the required sections or refuses to sign the form(s), that shall be indicated on the form. The form shall be processed as set forth below even if the offender refuses to initial the required sections or refuses to sign the form.
 2. Form DD-4A has a place for the signature of a minor offender's parent or guardian. Since the parent or guardian is not usually present at the time the form is presented to the offender, staff shall indicate in the space provided for the signature that the parent or guardian was not available to sign. In the rare case when the parent or guardian is present, s/he shall be given the form to read. After reading the form, the parent or guardian shall be directed to sign the form indicating that s/he understands the offender's duties as explained on the form. If the parent or guardian refuses to sign, that shall be noted in the space provided for the signature.
 3. Staff shall complete the form, using the name under which the offender was registered, and sign it. A copy of the completed form shall be given to the offender and a copy retained in the appropriate offender file. In CFA, the copy shall be retained in the Record Office file or SAI probationer file, as appropriate. The original form shall be forwarded to the MSP address

-----------------------------------	------------------------------	---------------------	-------------

identified on the form.

PAROLE OF REGISTERED OFFENDER

- V. If a registered offender is paroled on an offense for which s/he is registered, the Parole Board Order for Parole (CAX-119) shall include a special condition requiring the offender to comply with the Sex Offenders Registration Act. If a registered offender is paroled on an offense other than the one for which s/he is registered, the offender is required to comply with the Act under the general condition of parole requiring compliance with state law.
- W. If a registered offender is paroled, the offender's new address shall be reported as set forth in Paragraphs P through X. After release on parole, a registered offender is required to report any change of address to the local law enforcement having jurisdiction over the area in which s/he is living or an MSP post within ten calendar days after the address change, except when staff are required to report the change of address as set forth in this policy directive. It is the responsibility of the supervising agent to monitor compliance with this requirement, as well as all other reporting and verification requirements set forth in this policy.
- X. On a registered offender's first report date, the field agent shall inform the offender of the applicable verification and reporting requirements as set forth in Paragraphs AA through DD. The offender also shall be told that the Parole Board is required to revoke parole for a willful violation of the Act.

VERIFICATION OF ADDRESS/REPORTING REQUIREMENTS

- Y. A registered offender who is not incarcerated is required to maintain a valid operator or chauffeur license, or an official state personal identification card, with a digitized photo and a current address. This includes offenders who are on probation or parole.
- Z. A registered offender who has been continually incarcerated since January 15, 2000 is required to report in person to the Secretary of State to have a digitized photo taken no more than ten calendar days after release. Within ten calendar days after release from incarceration, the offender also is required to report to, and verify his/her new address with, either the local law enforcement agency having jurisdiction over the area in which s/he is living or the MSP post nearest the county in which s/he is living. Verification may include presentation of a valid operator or chauffeur license, or official state personal identification card. The agency verifying the address may require additional documentation, such as a voter registration card or utility bill.

CONTINUING REPORTING REQUIREMENTS

- AA. A registered offender who is not incarcerated must report in person to either the local law enforcement agency having jurisdiction over the area in which s/he is living or the MSP post nearest the county in which s/he is living for the period of time required by the Sex Offenders Registration Act to verify his/her address and other required information in the MSP database. If convicted of a misdemeanor, the offender must report between January 1 and January 15 of each year. If convicted of a felony, the offender must report during the first 15 days of January, April, July and October of each year. The local law enforcement agency is required to provide the offender with documentation confirming date of verification.

Status with Institutions of Higher Education

- BB. For purposes of this subsection, "institute of higher education" means a college, university, or a private trade, vocational or occupational school.
- CC. Within ten calendar days after a registered offender is employed by, or provides volunteer or contractual services to, an institution of higher education which will require the offender to be present on that campus for 14 or more consecutive days or 30 or more total days in a calendar year, the offender must

DOCUMENT TYPE POLICY DIRECTIVE	EFFECTIVE DATE 12/01/2006	NUMBER 01.06.115	PAGE 8 OF 9
-----------------------------------	------------------------------	---------------------	-------------

report that status, and any subsequent change in status, in person to either the local law enforcement agency having jurisdiction over the area in which s/he is living or the MSP post nearest the county in which s/he is living; however, if the offender is not a Michigan resident, s/he shall instead report to the law enforcement agency having jurisdiction over the campus or to the MSP post nearest the campus. The offender will be required to present written documentation of his/her status when s/he reports (e.g., W-2 Form, pay stub, written statement by employer).

- DD. Within ten calendar days after a registered offender enrolls as a student at an institution of higher education, the offender must report that status, and any subsequent change in status, in person to either the law enforcement agency having jurisdiction over the area in which s/he is living or the MSP post nearest the county in which s/he is living; however, if the offender is not a Michigan resident, s/he shall instead report to the law enforcement agency having jurisdiction over the campus or to the MSP post nearest the campus. The offender will be required to present written documentation of his/her status when s/he reports. The offender also must report within ten calendar days if, as part of his/her studies, s/he is present in any other area within or outside the state of Michigan for 14 or more consecutive days or 30 or more total days in a calendar year. The offender will be required to present written documentation of his/her status when s/he reports (e.g., student identification card).

FAILURE TO COMPLY WITH REQUIREMENTS OF ACT

- EE. It is a violation of state law for an offender who is required to be registered pursuant to the Sex Offenders Registration Act to willfully fail to comply with all requirements of that Act, including registration fee, change of address, and address verification requirements. An offender under the jurisdiction of the Department who refuses or fails to comply with requirements of the Act shall be reported to the MSP post responsible for the county in which the offender is being supervised unless otherwise indicated in this policy.
- FF. In addition to any special condition of probation or parole that may be added requiring compliance with the Sex Offenders Registration Act, it is a standard condition of probation and parole to comply with state law. Therefore, failure to comply with the requirements of the Sex Offenders Registration Act also is a violation of probation or parole.
- GG. If a probationer or parolee required to be registered refuses or fails to comply with requirements of the Act, the supervising agent shall initiate probation or parole violation proceedings, as appropriate. In addition, the probationer or parolee shall be reported to the MSP post responsible for the county in which the offender is being supervised. In the case of a probationer, the supervising field agent shall notify the sentencing court that the Act requires revocation of probation for willful violation of the Act. In the case of a parolee, the Parole Board shall revoke parole for willful violation.

DELETING INFORMATION FROM THE MSP DATABASE

- HH. If a registered offender under the jurisdiction of the Department dies, was registered in error, or no longer is required to be registered (e.g., a conviction for which s/he was required to register has been reversed by a court), information on the offender shall be removed from the MSP database. This can be done only by MSP or, if the offender was registered in error, by staff who operate under the same originating agency identified (ORI) as where the offender was originally registered; however, only MSP shall remove information from the MSP database based on an order issued pursuant to Paragraph B and as set forth in Paragraph G. After confirming the information should be deleted from the MSP database, staff shall send a written request to MSP or, if the offender was registered in error, to the Department location at which the offender was originally registered (as indicated by the ORI) to delete information on the registered offender from the MSP database. The request shall be in writing on Department letterhead or through LEIN, and shall include the reason for removal. A copy of the request and supporting documentation shall be placed in the Record Office and Counselor files, SAI probationer file, or field file, as appropriate. The deletion shall be documented in the Record Office and Counselor files, SAI probationer file, or field case notes, as appropriate.

DOCUMENT TYPE POLICY DIRECTIVE	EFFECTIVE DATE 12/01/2006	NUMBER 01.06.115	PAGE 9 OF 9
-----------------------------------	------------------------------	---------------------	-------------

- II. Any questions regarding the entry or removal of information from the MSP database shall be forwarded through the appropriate chain of command to the Records Administrator, Central Records Section, CFA.

OPERATING PROCEDURES

- JJ. Wardens and the FOA Deputy Director shall ensure that procedures are developed as necessary to implement requirements set forth in this policy directive; this shall be completed within 60 calendar days after the effective date of the policy directive. This requirement includes ensuring that their existing procedures are revised or rescinded, as appropriate, if inconsistent with policy requirements or no longer needed.

AUDIT ELEMENTS

- KK. A Primary Audit Elements List has been developed and is available on the Department's Document Access System to assist Wardens and FOA Regional Administrators with self audit of this policy pursuant to PD 01.05.100 "Self Audit of Policies and Procedures".
